## **From Sacred Music to Contemporary**

### ***Musicians and components***

The members are all professional musicians and they have experienced years of collaboration with instrumental groups and with some of the most important orchestras in the Italian musical panorama such as:

- Orchestra of S. Carlo of Naples
  - Symphonic Orchestra of RAI of Turin
  - Orchestra of the Academy of S. Cecilia
  - Symphonic Orchestra A. Toscanini of Parma
  - La Fenice of Venice
  - Municipal Theatre of Bologna
  - Symphonic Orchestra G. Verdi of Milan
  - Orchestra of Theatre Alla Scala
  - Orchestra of Theatre from Cagliari
- and a lot more.

In 2000, during the Jubilee, they collaborated with the Pontifical Musical Sistine Chapel for the closing celebration of the "Holy Door", shown on TV worldwide; with whose they realized a CD edited by "Kelidon Edizioni Italia". They were invited, as a unique quintet, to participate to the seminar course held by the "Canadian Brass" in Rome, where they met a great approval from the public and from the critiques.

From 2010 they participate to the most important celebrations at Sistine Chapel, presided over the Holy Father. They were chosen to bring back to the Vatican the tradition of the Silver Trumpets, the hymn played in 1800 during the celebrations presided over by the Pope in St. Peter's Basilica.

Some of their live performances were chosen by Deutsche Grammophon and included in the CDs: *Habemus Papam*, *The Music of Conclave* and *In Patum Cardinalium Collegium*.

In 2016, on the occasion of the Extraordinary Jubilee, they recorded Paul Inwood's Hymn of Mercy for Deutsche Grammophon in the historic setting of the Sistine Chapel.

Currently, they are conducting a rich concert season and masters for brass groups in various Italian cities and theatres.
